### A BLACK LEGISLATOR.

The Democratic press thoroughout the country is much exercised at the nomination, in Boston, of a colored candidate for the Legislature. If the good folks of the "hub" recognize in their ebony standard bearer a fit representative, we cannot see why the outside world should be dissatisfied with the choice they have made. It is an experiment. Should the colored man be elected, as he certainly will be, he may make a more faithful, able and trustworthy representative than many more pretentious individuals who have laid claim to the title of statesman, Boston has taken the lead in a matter of vast interest in the politics of the country. Time alone will discover the prudence or imprudence of the step. If elected, the actions of the colored legislator will be closely watched by the friends and foes of human progress.

The Boston *Journal* thus speaks of the nomination:

"Ward Six is the wealthiest ward in the State; it embraces within its limits more literarary culture and more liberally educated men than any other representative district that we know of, and it is, with perhaps the exception of a ward in New Bedford, the only ward in this State which has a large number of colored voters. The ward is the home of John A. Andrew, and there seems to be a peculiar propriety that the first colored man elected as a representative—as he undoubtedly will be—should come from a ward which possesses such marked characteristics."

A SPECIMEN of the reconstructed style of advertising in New Orleans has just reached us. A hatter sent around a circular setting forth that he is—

"The only hatter who was in business for himself before the war that ever heard the whistle of a Minie ball in defense of his country; the only hatter in New Orleans who had his property confiscated for being in the Confederate army. One door from the corner of Common, and exactly opposite his former hat store, which was confiscated during the war. Please notice—There are two hat stores opposite the St. Charles Hotel. Gentlemen desiring to find my establishment will please observe the sign of the three golden hats, and it is exactly opposite my former hat store, which was confiscated during the war."

NEBRASKA, away far out in the West, sends a cheering greeting to the loyal States of the Union. She has nobly performed her whole duty towards the country, electing by a large majority JOHN TAFFE, an uncompromising Radical, to Congress. The territory will probably be admitted into the Union as a State by the next National Legislature.

### GENERAL NEWS.

—General Rosecrans has purchased 3,000 feet of mining territory in California.

—A society favorable to the annexation of Canada to the United States has just been organized at Toronto.

—More building and improving is said to be going on in Lynchburg, Va., than at any time since it was a city.

—Schuyler Colfax recently said in a speech in Illinois: "Johnson is the body hanging on the verge of the government, and if he don't mind his p's and q's, he'll drop off." (He is quite careful of his I's, anyhow.)

—The New York *World* states that Commodore Vanderbilt intends to retire from active business "as soon as he obtains a competence," and then quietly adds that his estate is now estimated at "only fifty millions."

—Two women of Fayette, Indiana, recently dressed up in male attire and broke into a store, stealing $200 worth of merchandise. One of the women had previously moved in the best circles and borne an irreproachable character.

—A young gentleman of the city, describing affairs in the country, writes that "the cows act very badly about being milked; sometimes, when you are almost through, they will kick the milk all over you, and you have to go to work and milk them right over again."

—Henry J. Raymond was educated at the Genessee Wesleyan Seminary, New York, and the students of the Institution lately looked up the records to find which of the rival secret societies he belonged to. They were rather amused than astonished to find his name on the rolls of both.

—The Pall Mall *Gazette* gives a table of statistics, reported by the society for the rescue of young women from lives of crime and shame, showing that out of 538 cases of young girls relieved by its officers, 365 had been seduced before they were sixteen years of age, and 106 before they were twelve years of age.

—The oldest woman in America is Mrs. Forch, who lives in the mountains of East Tennessee, and is aged one hundred and twenty-one years. She is blind, but being quite hearty, walks without assistance. Her memory is unimpaired, and she can recount many events of the Revolution with great accuracy.

—A correspondent of the London Morning *Post* says that from certain rumors which are at present current in London he is forced to conclude that the vice of gambling is once more trying to make its way, and that not in what might be called the professional circles, but "initiated and conducted by those whose high social position appears to suggest to them no shame for their proceedings."

—For the 16,000 school children in the city of Washington, the city owns but one school house, and that has been built within three years. For other school rooms it hires halls, large rooms, carpenters' shops—any place where benches and desks can be put. Unable to find accommodation for all, it has between 2,000 and 6,000 children continually waiting for their turn to be admitted to the privileges of a common school education.

GEN. GRANT AND THE PRESIDENCY.—A gentleman of this city, an intimate personal friend of Gen. Grant's, called on him in Washington not long since. His purpose was to get the influence of Gen. Grant with the President in relation to an office in the city. Gen. Grant told him frankly that his name would be of no service to him, but an injury. He said he had solicited very few favors of the President, and to them no favorable response was returned. He said that one day Mr. Johnson spoke with him in relation to it. He said to Gen. Grant: "You say that you are not a candidate for the Presidency. Now promise me," said the President; "that you will not let your name be used in connection with that office and I will grant you any favor in my power to bestow." To this Gen. Grant replied: "Mr. Johnson, I am not a candidate. But suppose the people insist upon making me one, what can I do? And besides, Mrs. Grant has been looking at the White House, and thinks she can run that establishment quite as well as it is run now. And you know, Mr. President, that these women will do pretty much as they please. And Mrs. Grant would decidedly object to my giving any such promise." The President looked as if he did not understand exactly whether this was in jest or in earnest.—*New York correspondent of the Boston Journal.*

He is personally in attendance at his rooms from morning until night and gives personal supervision to the taking of all styles of pictures and portraits from the tiny minature to the elegant and life sized portrait. The law courts are to finally decide on the legality of these rejected votes. The votes for the State officers are to be certified to the State Legislature, and the votes for members of Congress will be returned to Congress. The feeling is now abating.

## FROM WASHINGTON.

### Mexican Intelligence—Maximillian's Departure from Mexico—Presidential Appointment—Report Contradicted.

WASHINGTON, Nov. 5.—Minister Romero, to-day, received the following letter by way of New Orleans, dated Vera Cruz, October 26th, 1866: Maximillian left the City of Mexico on the 23d inst., resigning virtually in favor of General Bazaine. General Bazaine endeavored to persuade him to delay his departure until General Castelnau's arrival two days later, but he declined, and, escorted by 500 Austrians, proceeded to Orizova by cross roads to avoid meeting with General Castellnon. He reached Orizova yesterday and is expected here to-morrow. The Captain of the Austrian frigate Dondota states that as soon as Maximillian arrives he will at once leave for Europe.

It is said that Maximillian will publish to-day a manifesto at Orizaba. General Castillenous reached the city of Mexico soon after Maximillian left and took possession of the Palace, and assumed the reins of Government. The French soldiers who had entered under Maximillian's colors will be returned to France. Under Gen. Castillenous influence, General Porfreris Diaz has captured the city of Oaxca, taking all the artillery ammunition, men and supplies.

Upon the request of the Senate of the United States and the recommendation of General Grant, the President has appointed Col. Albert J. Myer to be chief signal officer of the regular army. Colonel Myer organized and commanded the signal corps of the army during the rebellion, and was the originator of that branch of the service. It is denied by both the President and Secretary of War that they have given any orders to Major General Sheridan not to arrest any of the parties accused of committing the murders on the 13th of July in New Orleans.

The monthly statement of the public debt will not be published for several days.

### The Fenian Trials in Toronto—Verdict of Not Guilty.

TORONTO, Nov. 5.—The Fenian trials were resumed at noon to-day. David Drummond was first placed in the dock, but postponed on account of the absence of witnesses. Benj. Parry, a boy of fifteen years, was next tried on the same indictment as the others. The evidence against him was chiefly from his own statements when he was captured, that he came with the Fenians from Cincinnati to see his uncle, crossed with them, got frightened and in trying to get back to Buffalo was captured. The prisoner's mother was examined and gave him an excellent character. Mr. M'Kenser tendered the following affidavit:

"I, Owen E. Moore, of the city of Cincinnati, Ohio, make oath and say: Have known Parry one or two years; has excellent habits; is peaceful and well-disposed; was never engaged in any riots or mobs, but is a generous, honest and industrious boy, and held in high esteem by his employers, Messrs. Moore, Herrick & Davis.

(Signed.) OWEN E. MOORE.

Sworn before Charles F. Wilstock, Mayor."

His Lordship asked if the Crown objected to the affidavit.

Hon. Mr. Cameron said he had no objection to it being taken, the same as if the parties were here themselves.

After a forcible appeal by McKenser and a temperate rejoinder by Harrison, His Lordship charged the jury, if not satisfied, to give the prisoner the benefit of the doubt. The jury then retired, and in an hour brought in a verdict of "Not Guilty." The prisoner was discharged.

### The Election in New York.

NEW YORK, Nov. 5.—Superintendent of Police Kennedy has issued an order to his subordinates touching the recent advisory letter of District Attorney Hall concerning the obstructing of the polling by challengers. He says: You are hereby ordered to give full protection to all persons who may be legally acting in an orderly manner as challengers of any poll within your precincts, that in case any challenger should become disorderly you will remove him from the poll room without a warrant or on the order of a majority of the Board of Inspectors of the election district where the disorder may occur.

In case any warrant issued by any police justice of either city for the arrest of any person acting challenger, for disorderly conduct at the polls, is placed in your hands or the hand of any member of your command or precinct, bring to this office for inspection before service. You will instruct such, and every member of your command to faithfully enforce this order.

NEW YORK, November 5—*Midnight.*—The city has been lively with electioneering machinery to-night. All is quiet and no trouble is anticipated. The police are instructed specially to arrest all persons obstructing the legal polling and challenging, and to detain them in the station house until after the canvass is over.

### The Cherokee Land Sales.

WASHINGTON, Nov 5.—It will be recollected that several days ago the ex-Secretary of the Interior, Mr. Harlan, published a defence of his sale of the Cherokee neutral lands to the American Emigrant Company, of Connecticut. This morning Gen. Thomas Ewing, jr., replies to that gentleman, denying that he stated to Mr. Harlan that if these lands were sold as the lands of the Sac's and Foxes he and his friends could make money out of the transaction. The main point in protest of himself and Jno. W. Wright, attorney for the Cherokee Indians against the sale, was, that according to the treaty, if the lands were to be sold at all without appraisement and advertisement and competition bids they were to be sold in a body for cash. The General replied at length to other portions of Mr. Harlan's defence.

### The Mississippi Crops—A Report Contradicted—Commander Appointed.

NEW ORLEANS, November 5.—Brevet Major General Wood, Assistant Superintendent of the Freedmen's Bureau for Mississippi, says that the crops in Mississippi will net considerably less than the cost of production, and anticipates much privation therefrom. He also pronounces false the statement that he charged that a sale of negroes took place near Brookhaven.

Brevet Major General Mower commands the district of Louisiana, including the posts of Jefferson and Marshall, Texas, and is also made acting Commissioner of the Freedmen's Bureau for Louisiana.

Seventeen additional military prisoners have been sent to Ship Island, to serve out court-martial sentences.

### Death of Simeon Draper.

On Saturday his physicians abandoned all hopes of his recovery. He grew rapidly worse on Sunday, and last night he was attacked by paralysis in the right side. ### Arrival of Steamer Caledonia.

NEW YORK, Nov. 5.—The steamship Caledonia from Glasgow has arrived.

### THE BALTIMORE TROUBLES.

Grant Endeavors to Settle Matters—Opinion of Attorney General Randall—The Conference Between Gen. Grant and the Police Commissioners—Case of the Imprisoned Officials—Siezure of Arms and Ammunition—Serious Accident—One Hundred Arrests Made.

BALTIMORE, Nov. 5.—Gen. Grant's visit to this city is understood to have been for this purpose in his capacity of a private citizen, solicitous of preserving the peace, and to make to the Police Commissioners, at the instance of Gov. Swann, the following propositions: First, That each set of Commissioners cause separate polls to be opened in the several election districts and receive such votes as may be decided legal by their Judges of Election, and have these votes classified and certified to the State Legislature and to Congress.

The Police Commissioners respectfully declined to entertain this proposition, as it would be contrary to the election laws of the State, and that by accepting it they would be guilty of worse malfeasance in office than any that had been charged against them; that it was their purpose to conduct the election strictly in accordance with the provisions of the law and constitution of the State, and that it was not in their power to make any agreements that conflicted with the law.

The next proposition made was substantially as follows: That the old Police Commissioners appoint one Conservative judge of the three, to be appointed at each of the polls; that these judges receive the votes of those who present themselves, and who are found to be upon the several registers; that two sets of ballot-boxes be used, in one of which are to be deposited the votes accepted, and in the other the votes rejected.

The first part of this proposition was simply in accordance with the pledge made by Mr. Alexander before Governor Swann, whilst the charges against the Commissioners were being investigated. It was made then as a concession by the party in power to the Conservative, with the view of preserving peace, and the Commissioners having already announced officially in the morning papers that they would appoint one judge and one clerk in each precinct from the Conservative party, there was of course no objection to it. The remainder of it being fully covered by the provisions of the registry law was of course a portion of the proposition.

BALTIMORE, Nov. 5.—Attorney General Randall has given an opinion on the Registry law, declaring it the authority and duty of the Judges of Election to scan the list of registered voters, and exclude from voting all whom they are convinced are disfranchised under the provisions of the Constitution.

After a conference of some five or six hours, lasting until ten o'clock to-night, between the Police Commissioners and a Committee representing the Conservative party, with a view to the latters making one Judge and one Clerk, to be appointed by the Police Commissioners for each precinct. According to the agreement made at the conference with Gen. Grant, the Conservative Committee abandoned the whole matter and withdrew without making any nominations to the Police Board. They had previously claimed the right to review the entire list of the Registers, and to object to any man who had not a property qualification of $10,000. This was rejected by the Commissioners, and it was finally determined by them that they would appoint a judge and clerk in every precinct, giving the Committee until ten o'clock to-night to make their nominations. About the time named, the Committee, of whom Lieutenant Gov. C. C. Cox was one, sent a communication to the Commissioners declining any further action in the matter. Thus the list of the judges and clerks stand as at the Mayor's election.

R. Stockett Matthews appeared as counsel for the Warden, and maintained that his client by the terms of the law clearly had three days in which to make his return.

After some further remarks by Mr. Horwitz in support of his petition, Judge Bartol rendered his decision. He said the statue was very plain on the premises. It gave the Warden three days, within which he is to produce the bodies of the parties imprisoned, and explain the cause of their detention, and if he could not, in the absence of proof of that, it was his purpose to violate his duty in that particular issue; a compulsory order to do what the statue does not impose upon him the absolute duty to perform.

After some consultation between the counsel the Judge fixed Thursday morning at nine o'clock for the return.

BALTIMORE, November 5.—The particulars of the seizure of arms is as follows, as near as can be ascertained: Upon information received at the Police Commissioners' office that certain parties were engaged in preparing to resist their authority by force of arms, and that certain individuals were then engaged in preparing to distribute arms for such resistance, and these parties were in an upper story of Bennett's auction house, on Charles street, they sent thither Marshal Carmichael with a strong force of police and at once took Possession of the establishment.

On forcing an entrance to the room in which they found some fifteen parties actively engaged in loading a large lot of Belgian muskets which had been altered into Minie rifles. A man rushed at him with a bayoneted musket, and attempted to shoot the Marshal. The Marshal threw up the weapon, knocked the man down and quickly, with the aid of his men, arrested all the parties and conveyed them to the Station House. The arms and munitions, consisting of muskets, a keg of powder, rifle balls and pistol balls, were also removed to the police station. Unfortunately in putting the muskets into a furniture wagon to carry thither, one of them was discharged and shot a citizen in the face, seriously though, it is hoped, not fatally injuring him.

LATER, MIDNIGHT.

There were one hundred and eighty-one cases of arms captured at Bennett's auction house. About fifty stand of them were loaded and capped. Another lot of one hundred and fifty muskets, loaded and capped, were seized this evening at a groggery on Bond street, near Eastern avenue. Another lot of seventy-nine muskets were taken from the store of Mr. Buck, on Light street. Altogether about six thousand stand of arms are reported to have been seized. About one hundred arrests were made to-day by the police on the charge of riotous conduct.

### Mr. D. H. Craig's Connection with the Associated Press Ceased.

NEW YORK, November 5.—The following has been handed for publication:

*To all Agents and Correspondents of the Associated Press:*—Please take notice that Mr. D. H. Craig has been discharged from the General Agency of the New York Associated Press, by the unanimous vote of the members. Mr. James W. Simonton has been appointed General Agent, and due attention will be given to his dispatches, as such agent. W. C. Prime, of the *Journal of Commerce*, President; Joseph P. Beach, of the New York *Sun*, Secretary. Mr. Simonton took charge of the office this evening.

NEW YORK—*Midnight*—Nov. 5.—*To all Editors and Agents:* I have read the notice sent over the wires this evening, signed by Prime and Beach, and pronounce its assertions utterly and infamously false. I have not been discharged unanimously nor at all. My responsibility is to the Executive Committee, and to them only, and they have not and will not unite in the lying assertions of Prime and Beach. It is true that I have for some weeks past headed a movement here to remove and improve our association, as you will learn from my printed circular now on its way to you, and it is also true that all these arrangements are completed and will go into effect next month. My resignation has been in the hands of the Executive Committee for several weeks, and whether accepted or not I should have retired at the end of this week, at which time, as I have good reason to believe, every agent or reporter of the Association will earnestly co-operate in the new movement, which I assure you is started with the most ample backers, and in its results will largely promote the interests of all the papers outside of this city, and I shall confidently hope for your earnest approval.

(Signed) D. H. CRAIG,
General Agent N. Y. Associated Press.

### News from Mexico—The Empress Carlotta's Mission.

GALVESTON, November 5.—Brownsville dates of the 2d, City of Mexico of the 10th and Vera Cruz on the 19th, have been received.

On the 31st, there was skirmishing between Canales and Tapia. Tapia has his lines of attack well established.

Large numbers of Ortegasists, are awaiting the arrival at Brownsville, of Carvadel and Canales, the only chiefs in his favor.

The *La Cronica* says: The Empress' mission was to demand from France officers for the Imperial army organizing in Mexico, and a new General-in-Chief in place of Bazaine. She had postponed until April, the return of the expeditionary corps. Two years longer are given for the payment of the debt. She has been completely successful in all her requests. The Emperor has taken the offensive in all parts. Taxes are collected without trouble. The Emperor has issued a decree, confiscating the property of non residents, and all who openly or covertly aid the Liberals.

De La Hayze, an Imperialist, defeated eight hundred Liberals near Vera Cruz, taking two hundred prisoners. Business good.

The Vera Cruz Empire is paying off its debts as fast as claims are presented.

Canales and Tapia in negotiating could not agree. Canales was on a big drunk and unable to do business.

The French regiments announced to embark, have left for the interior.

Eight hundred men, whose time have expired, have enlisted in Maximilian's new army.

### Military Prisoners Turned Over.

AUGUSTA, GA., November 5.—A special dispatch from Savannah to the Charleston *Courier* says that two citizens sentenced to death by a military commission were discharged from custody by the United States District Court on a writ of habeas corpus, and turned over to the civil authorities. These are the last of the military prisoners in Georgia.

MILLEDGEVILLE, GA., Nov. 5.—The Constitutional Amendment was referred to-day in each House, with instructions to report as soon as practicable. Mr Stephens opposes, and thinks the Legislature should act immediately on the subject, and settle the question so far as Georgia is concerned. The rejection of the Amendment is deemed certain.

### Movements of Maximilian.

WASHINGTON, November 5.—The Mexican Minister has received a letter from Vera Cruz, dated October 25th, by way of New Orleans, stating that the Emperor Maximilian left the City of Mexico on the 23d inst., resigning verbally in favor of General Bazaine.

## CITY AND SUBURBAN.

(ADDITIONAL LOCAL NEWS ON THIRD PAGE.)

### Bold Burglary in the Sixth Ward—A House almost Gutted of its Contents—The Thieves still at Large.

Yesterday morning between three and four o'clock, the residence of Mr. John Wilson, situate in Allender's court off Wylie street, between Federal and Washington streets, was entered by thieves and robbed of a considerable quantity of money, together with wearing apparel, to the value of one hundred dollars and number of household goods such as sofa cushions, fire irons, and even to the chairs were carried off.

The robbers took their spoils into a vacant lot on Washington street, a short distance from the residence of Mr. Wilson where they seemed to have deposited it previous to removing it to a safer repository, as some of the stolen property, including a bed quilt, counterpane and several articles of ladies wearing apparel were found in the lot mentioned, a little before daylight, by a couple of the night police doing duty in that part of the city.

From all the circumstances surrounding the robbery, we are led to believe that two or more persons were engaged in it, as it would have occupied one person over two hours to carry away all the goods that were stolen. It is also a matter of some surprise to us that the chamber in which Mr. Wilson slept could have been robbed of almost everything of value it contained, and yet he nor his wife have never been disturbed. The first knowledge they had of the occurrence was about four o'clock, when they were awakened by a noise on Wylie street, as of some persons fighting or wrestling. On getting up to ascertain the cause of the disturbance, Mr. Wilson became cognizant of the true state of affairs, and immediately gave the alarm. But although the police were promptly on the ground and they exerted all their energies to discover the guilty parties, they were unable to get even the most remote clue, and up to the present writing, the scoundrels are still at large.

### A Cook Maltreated.

Edward Davis appeared before Alderman Strain, yesterday, and made oath against Jas. Brown, charging him with assault and battery. Both parties are employed in the Opera House Dining Saloon, the prosecutor as cook, and the defendant as steward. Yesterday Davis, who is a colored individual, was scrubbing the kitchen, when Brown entered the sacred precincts of the culinary department, and told Davis he was not using water, and unless he would use more of the economical liquid, the floor would still retain its sombre appearance, despite his physical exertions. Believing that he alone had the right of dictation or advice in the cook-house, Edward informed the over-zealous steward that unless he immediately quitted his dominions, he would accelerate his flight by the propelling influence of a foot. This led to angry words, and finally Brown struck the cook in the nose, flattening that already flat member to a greater extent, and causing the blood to flow copiously over a shirt bosom and apron of snowy whiteness. Finding that the steward was too much for him, and, to use a slang phrase, he was about to "cook his goose," the lord of the cuisine made good his escape, and reaching Fifth street, betook himself immediately to the office of the magistrate, making oath as stated. The accused was arrested and held in $500 to appear at a hearing in the case to-day.

### A Popular Business House.

The popularity that McClelland's Auction House, Nos. 55 and 57 Fifth street, has attained among the masses during the last few years has been a subject of surprise and comment in business circles throughout the two cities. While other houses are doing a comparative dull business, McClelland's establishment is thronged with buyers from all ends of the western part of this State and Eastern Ohio. This success is attributable to but one cause, and that is the almost marvelous low prices for which goods are disposed of at this house. Here country merchants and small dealers can obtain any variety of domestic goods, such as boots, shoes, gaiters, hats, caps, shawls, dress goods, silver and plated ware at such rates as will permit them to retail at current rates and yet retain a large margin of profit. The assortment of fine country woolen blankets is not excelled by any like collection in the city. Mr. McClelland is assisted in his salesroom by an efficient corps of polite and attentive attachees, who, to transact business with, will be a pleasure not often realized in this way.

Remember the place, Nos. 55 and 57 Fifth street, immediately under Masonic Hall.

### Had a Hearing.

A hearing was had in the case of Alderman Lynch against Jonathan Lowe, for assault and battery, before Alderman Donaldson, yesterday, and resulted in Lowe being held in $500 bail, to answer at Court. Lowe a few days since entered the office of the prosecutor in the Third ward, and insisted on the magistrate taking bail for his, (Lowe's) wife, who had never been arrested. The 'Squire refused, when Lowe began abusing him in an outrageous manner, until Mr. Lynch was forcibly compelled to order him to quit his office, instead of complying with the order, Lowe grasped the expounder of law and struck him several blows in the face, tearing his clothes and otherwise maltreating him. A policeman came to the aid of the Alderman, rather opportunely, and took Lowe into custody, bringing him first to the Mayors' office, where he took occasion to abuse his Honor, as he had done the Alderman, until his voice was silenced by an order to incarcerate him in the County jail, for the period of ten days. It will be seen that Lowe stands a good chance of remaining long enough in durance, to have his morals and etiquette radically improved.

### Attention.

We would call the attention of the purchasing public to the advertisement of Thomas H. Phelps in another column. Mr. Phelps has just received a large and varied assortment of boots, shoes, and ladies' and gentlemen's balmorals from the east, which he purchased under peculiarly advantageous circumstances, and, as a sequence, can sell at prices exceedingly moderate. Now that the inclement season is approaching, it behooves every person to provide themselves with durable and comfortable boots or shoes, as nothing is so essential to perfect health in winter as a warm covering for the feet. Persons wishing to procure any such goods will find it highly to their profit to give Mr. Phelps a call before buying elsewhere, as his stock is so large as to make a selection by even the most fastidious an easy matter. Remember the place, No. 46 Smithfield street. Customers will find Mr. Phelps a live specimen of our young business representatives, and if his terms and goods do not satisfy them we cannot think of any other place where they can do better. Mr. Phelps is accommodating, upright and fair dealing, and in every respect worthy the unlimited patronage of the community.

### Assault With Intent to Kill.

Margaret Mattock came to the office of Justice Lippert yesterday and made an information against Rebecca Forbes for assault and battery with intent to kill. The deponent alleges that Rebecca came to her residence, in Pitt township, and after calling her all sorts of hard names, wound up by striking the prosecutrix on the head with a heavy butcher knife, inflicting a wound of several inches in extent, from which the blood flowed profusely. Her assailant then ran for an ax, and but for the arrival of the defendant's husband, Margaret avers that she believes Rebecca would have killed her with the weapon. The accused was arrested and after a hearing was required to furnish bail in the sum of $1,000 for her appearance at the next session of the Criminal Court, to answer for her outrageous conduct. The defendant gives as a reason for the assault that Margaret is in the habit of insulting her and talking about her to the neighbors.

### A Model Sporting Journal.

The *Field, Turf and Farm* is the title of a neat double quarto sporting journal published in New York City by S. D. Bruce. It contains none of those disgusting details of prize fights that disgrace the columns of so many sporting journals, but is just such a paper as the honorable sportsman can carry into his household without endangering the morals of his family. For a full and authentic account of all the transpirings on the turf, either in this country or England, you will have to resort, for the information, to the columns of this journal. Richard McGuyer, the agent for this paper, is in the city at present, and hereafter it can be found at the periodical stores of J. W. Pittock's, or Henry Miner's, Fifth street, near the Postoffice.

**Accident.**—Mr. P. H. Peirce, of East Birmingham, was seriously injured on Saturday evening by being knocked down and run over by one of the cars of the Birmingham Passenger Railway, in the "old borough." His injuries, though painful, are by no means serious. Drs. Walters and Kerr attended him.

### Grand Centenary Demonstration.

The centenary services inaugurated two or three weeks ago in Allegheny City, closed on Sabbath last with a grand union demonstration of the Allegheny and Manchester Methodist Episcopal Churches. At the morning hour the different congregations convened in the South Common Church to hear a special sermon adapted to the occasion from Rev. D. L. Dempsey, D. D., Presiding Elder of the Steubenville district. In the afternoon a general meeting of these united congregations was held in the North Avenue M. E. Church, at which brief but interesting addresses were made by Rev. S. F. Jones, Rev. Isaac Aiken, Rev. Dr. Pershing, Dr. Dempsey and others. The evening service took place at Beaver Street Church. Dr Dempsey preached again with great acceptance.

Quite a number of resident and visiting ministers were present, among whom we noticed, besides those named, Rev. Dr. Nesbit, Revs. W. Lynch, R. J. White, S. A. Scott, J. Hollingshead and J. A. Swaney. Hon. J. L. Graham was present throughout the day and took an active part in securing contributions to the various centenary interests before the meetings.

Contributions were made at each of the services, mainly for church extension purposes of a local character, the bulk of which went to aid in the completion of the elegant new church structure, now in course of erection on the corner of North avenue and Beaver street. We did not learn the precise sum raised in the aggregate, more than it exceeded twenty thousand dollars.

### The Old Stand.

We take pleasure in calling the attention of our readers, and the public generally, to the advertisement of James Phelan, who has had many years experience in catering for the public comfort. His patrons have the advantage of his long experience. He can tell exactly what suits them.

His Lamb's-wool Vests remove more ills
Than fifty thousand doctor's pills,
Wise men who keep the body warm
Need never dread a coming storm.
Phelan's comforts can insure
From all disease, both rich and poor;
Procure them, then, without delay—
There is no doctor's fee to pay.
Doctor's themselves oft seek his aid,
Although he serves to spoil their trade.
Drugs are a blessing or a curse,
That cures disease or brings on worse;
But Good Warm Underclothing is a charm
That must do good and can't do harm.
Give him a call. Phelan's Old Stand Stocking Store, No. 24 Fifth street.

### Jurors Fined.

Judge Stowe, in the Court of Common Pleas yesterday, imposed a fine of $30 upon the following named gentlemen who had been empannelled as jurors and failed to answer to their names when called by the Clerk on the meeting of the Court: John Cochrane, Jefferson township; J. B. Dalzell, Elizabeth borough; Matthew Edwards, Ninth ward; Henry Fisth, Eighth ward; Jacob Knap, West Elizabeth; W. M. Lyons, Second ward, Pittsburgh; J. Phillips, McClure township; Robert Small, Pitt township; Samuel B. Shriver, First ward, Allegheny; Thomas Steel, Second ward, Pittsburgh. It looks as if the Judge was determined the business of the Court should not be delayed with impunity by dereliction of duty in any quarter.

### Committed for Trial.

Officer Scott, of the Mayor Morrison police force, arrested Frank Barthson, on Saturday, on a charge of larceny, having been preferred against him by James Farley. Farley charged the defendant with having stolen from Cowling's tavern, on Federal street, a suit of clothes belonging to him, consisting of a coat, pantaloons and vest, valued at seventy dollars. The accused was arrested by officer Scott, and a pawn check for the articles on De Roy's pawn shop, Smithfield street, this city, found in his possession. The officer proceeded to the pawn shop and recovered the stolen articles. The accused had a hearing yesterday, which resulted in his being committed to the county jail to answer the charge at Court.

### District Court.

In this court yesterday, Judge Williams on the bench, the following cases were disposed of:

Montana Oil Refining and Storing Company vs. David Bly. Verdict for the plaintiff for the sum of $1,683 12. Watson for plaintiff, and Mellon for defense.

Henry Kennedy vs. Joseph G. Finch. The jury found for the defendant. McClowry for plaintiff, and Sweitzer and Hamilton for defense.

Court adjourned until this morning.

**Surety of the Peace.**—Bridget Gallagher, residing in Mifflin township, made information before Alderman Strain, yesterday against Rose Gallagher, charging her with surety of the peace. The frail Bridget says that Rose called her some hard names, and threatened to go through her, and inflict such other bodily injuries as would be detrimental to her future state of health. Bridget, not wishing to "shuffle off this mortal coil" at present, instituted the suit as stated above, and a warrant for the arrest of the accused was issued.

**Large Dividend.**—James Robb, Esq., President of the Keystone Savings Bank, announces through our advertising columns, to-day, that a dividend of one dollar and seventy-five cents upon each share of stock in that company, has been declared out of the earnings of the past six months. This is a handsome dividend, more especially since the bank has but recently gone into operation. The annual meeting of the stockholders will be held on Monday, the 19th inst., at 89 Market street for the purpose of electing Directors for the ensuing year.

**Desertion.**—Elizabeth McMurty appeared before Alderman Taylor yesterday and made oath charging her husband, James McMurty, with desertion. The accused left the home of his better half in the Fifth ward some time last June, and took up his abode with a married lady, named Anna Hastings, in Allegheny City, refusing ever after to contribute one cent to the support of his wife. The delinquent Benedict was arrested and made to give bail for his appearance at Court.

**Held to Answer.**—John Patch, charged with committing a felonious assault and battery on the person of Hamilton Lowe, a member of Mayor McCarthy's night police, had a hearing yesterday before His Honor, which resulted in his being held to bail in the sum of five hundred dollars for his appearance to answer at Court.

**Charged with Stealing Fifty Dollars.**—John Hickman was before Alderman Humbert yesterday, charged with the larceny of fifty dollars from the premises of Antonio Meyers, on Ferry street. After a partial hearing the accused gave bail in the sum of $500 for his appearance at a hearing to be had in the case on Saturday.

**From Daniel Ferry.**—We have laid upon our desk a copy of the Catholic *Mirror*, of Baltimore, containing full particulars of the recent Catholic Plenary Council, together with spirited engravings of same. Ferry, No. 196 Smithfield street, has it for sale.

**Will Meet.**—The Allegheny County Prison Association will hold a regular meeting this morning, at nine o'clock, in the session room of the First Presbyterian Church. Punctual attendance is earnestly requested.

**Common Pleas.**—The Court of Common Pleas opened yesterday morning, Judge Stowe on the bench. The first assignment of cases were taken up, and two of them disposed of, but they were of no importance.

**Manchester Council** meets to-night.

TUESDAY, NOVEMBER 6, 1866.

## THE NOVEMBER ELECTION.

In several of the Northern States elections for local officers and members of Congress will be held to-day. Let us show which these States are, with the political complexions of their respective delegations in the present House:

| | Rep. | Dem. |
|---|---|---|
| Illinois | 11 | 3 |
| Kansas | 1 | 0 |
| Massachusetts | 10 | 0 |
| Michigan | 6 | 0 |
| Minnesota | 2 | 0 |
| Nevada | 1 | 0 |
| New Jersey | 2 | 3 |
| New York | 20 | 11 |
| Wisconsin | 5 | 1 |
| | 58 | 18 |

It will be seen that in five of these States the delegations are unanimously Republican. Hence, there is no room for improvement in them except by increasing majorities in the different districts. In the other four States the Republicans did so well two years ago, considering the odds against them in particular localities, that it borders on requiring the impossible, to demand that they shall do better now. And yet we are not without hope that better will be done. There are chances for gaining one in Illinois, two in New Jersey, two in New York, and one in Wisconsin. At the last Congressional election we gained two in the city of New York by divisions among the Democrats. Similar alienations exist now in the same districts, but whether sufficient to defeat the Democratic candidates can best be determined by counting the votes. Certainly, by means of naturalizations, both the absolute and relative number of Democrats have increased.

If to-day the Republicans carry fifty-eight districts in these nine States there will be abundant reasons for congratulations. If a gain shall be made of few or many Representatives, the rejoicing will be intense.

Elections will, also, be held to-day in some of the Southern States. The statement of them is as follows:

| | Rep. | Dem. |
|---|---|---|
| Delaware | 0 | 1 |
| Louisiana | 0 | 5 |
| Maryland | 3 | 2 |
| Missouri | 8 | 1 |
| | 11 | 9 |

Louisiana has not been restored, and her five members have not been admitted to seats. The other three States never having passed ordinances of secession have been and are regularly represented. We should be glad to commute, by accepting eleven Union Representatives from them against four Democrats.

In Missouri and Maryland, by provisions of the respective State Constitutions, adopted during the war, citizens who entered the rebel military service are disfranchised. In both there is much excitement over the existence of this disability. In Maryland President JOHNSON and Gov. SWANN have been resolved, by the adoption of most extraordinary measures, practically to break down the legal barrier and let the rebel soldiers vote. Their conduct in this regard, is just as revolutionary as it would be in Louisiana for Republican leaders to break through the Constitutional prohibition of negro suffrage, and let the blacks vote. In Missouri, it is notorious that both political parties have been armed and organized militarily for months past, and that there has been imminent danger of bloody collision between them. This has been averted, first by the fact that the Unionists are the strongest, and, second, by the avowal of Gen. SHERMAN that in case of trouble he would stand by the existing State government. In Delaware the Republicans have a vigorous canvass, but against odds. If they succeed, it will be a grateful surprise. So far as relates to Louisiana the New Orleans massacre settled the contest beforehand in favor of the Democrats.

In Colorado the election will be held one week from to-day. The sitting member is a Republican, as the new one will doubtless be.

In South Carolina the election is on the fourth Monday of the present month.

Of this, however, we may be sure, that whatever unexpected reverses or successes may happen on so broad a field, liable in different parts to many peculiar influences, the general result will not only be favorable, but will be so grand as to settle the controversy respecting the determination of the loyal people of the country to stand by Congress, and make all their servants, high and low, conform to their behests.

## REVIVAL OF THE REBELLION.

It seldom happens that bad men, designing to accomplish mischievous projects, in the sight of the sun, avow the motives by which they are actuated. Commonly they lay claim to zeal for the vindication of some right denied—the redressing of some wrong endured. Their professions deceive themselves oftener than they mislead others. Through all the disguises of words the real intention is apparent.

In Maryland President JOHNSON and Governor SWANN are engaged in a scheme which every loyal man in the nation condemns. This does not prevent them from indulging in high sounding pretensions for the vindication of social order and the due observance of the laws. But, what are they really after? The Constitution of Maryland denies the right of voting to men who have borne arms against the government of the United States. The validity of the Amendment embodying this provision has been called in question before the Supreme Court of the State, and upon full hearing, has been affirmed. Special reasons justify such a prohibition in Maryland. That State did not secede. Citizens thereof who helped the rebellion did not "follow their State" in doing so, but left it—became runaways and fugitives. Moreover, the doctrine which the President and his supporters pretend to hold of incalculable value—that each State has indisputable authority to regulate the whole question of suffrage for itself—is just as sacred in Maryland as in South Carolina. The forcible abrogation of this doctrine in Maryland, by the general government, in favor of rebel soldiers, in Maryland, might in the course of events, furnish a precedent for the suppression of it in South Carolina in behalf of black Unionists. The short-sightedness which does not see this is not peculiar. It is one of the ordinary infirmities of selfish and dangerous men. Neither of these considerations have weight with the President or Governor. They mean the rebels shall vote, because their voting would be in their present interest. Under pretense of magnanimity and a desire to establish peace on an enduring basis, they seek to restore the rebels to political power, even at the imminent hazard of reopening the rebellion itself.

Hence it is that every man in Maryland who was loyal during the war, and has not since its close been purchased by what Secretary RANDALL calls the President's "bread and butter," is opposed to the removal of the Police Commissioners, while every copperhead, every rebel spy, and every rebel soldier is heartily for the measure.

Judge BOND, by his intrepidity, has added to the many and weighty services for which the loyal men of Maryland and of the nation were indebted to him. Fit companion, in all moral qualities, for the great and lamented WINTER DAVIS, he bears his own mantle and that of his deceased friend. Once, in our hearing, a mutual acquaintance complimented him on "furnishing the brains for the republican movement in Maryland." With admirable modesty he quickly replied—"No; WINTER DAVIS furnishes the brains." But if Judge BOND has not so grand mental endowments as his departed friend, he has great intellectual powers, fortified by an uprightness, proof against all sinister appeals, and moral and physical courage that nothing can daunt it.

If the President imagines that the men who saved the nation during the war are not terribly in earnest now, he miserably deceives himself. While they do not mean to be the aggressors they are fully prepared for any event. Deploring the betrayal they have experienced at his hands, they are not cast down, and do not mean to surrender the government, which has cost such sacrifices of blood and treasure, into the hands of its enemies. What they have done once, if need be, they can and will do again.

## PACIFIC RAILROAD EXCURSION.

ST. JOSEPH'S, MO., Nov. 1, 1866.

We have reached the bank of the Missouri at this city, after one of the most pleasant and interesting day's travel we have yet had. This morning at seven we crossed the Mississippi at Quincy, with our car; attached to the morning train of the Quincy and Palmyra road, ran to Palmyra, only fifteen miles, where we made a connection with the morning train of the Hannibal and St. Joseph road, and, thus ran through from the Mississippi to the Missouri by daylight.

The distance from Quincy to this city is two hundred and eight miles, through a very remarkable country. For the first fifty or sixty miles, after reaching the higher ground some six or seven miles this side of the Mississippi, the road runs over an almost unbroken level prairie. There is one stretch of seventeen miles perfectly straight road. The line of the horizon is as straight as it is at sea; and as the car bowled along I observed trees gradually sinking out of sight, just as a distant vessel sinks below the horizon on the ocean. It is a sight at once sublime and beautiful.

The soil of this vast plain is very rich, like the prairie's of Illinois, and I was pleased to see that the work of improvement was going on briskley, and with all the marks of good taste which distinguish the ubiquitious Yankee.

Past this loved prairie, the road, for a distance of sixty or seventy miles traverses a gently undulating surface of valuable features—some timbered land, some small prarries, some tracts of what in Pennsylvania we would call "barrens"—but all good soil, as the good crops attested where it was under cultivation. Then we entered upon an extensive tract of undulating prairie, which continued for the most part until we reached this city.

At Palmyra we were joined by several gentlemen, among whom was Captain C. W. MEAD, General Superintendent of this road. Under the efficient management of this gentleman the road is being put in admirable repair, and is doing a fine business. He came through with us, and will accompany us to-morrow morning to Leavenworth. Our party is much indebted to him for many acts of courtesy and attention. When thoroughly balasted, as it soon will be, this road, owing to the extremely favorable ground over which it runs, will be one of the finest in the country. It is the intention of the company to build a bridge over the Mississippi at Quincy, for which Congress has already granted the privilege, under proper restrictions. This will connect it with the entire system of roads east of that river. Another bridge over the Missouri, at Kansas City, will put it in direct running connection with the Union Pacific road, to which we are going, and give the latter road another eastern connection of inestimable value. At a point some thirty miles east of this city the branch to Kansas City leaves this road, the construction of which is far advanced. It runs through one of the richest sections of Missouri.

To-morrow morning, very early, we shall run down the east bank of the river 37 miles by rail to Weston. Thence we transport our car by boat some six miles down to Leavenworth, where we shall stop some time—probably the balance of the day. Thence we go by rail to Lawrence, where we reach the main line of the Union Pacific road, Eastern Division, and thence to Fort Riley, the ultimate destination of *our car*. How much further we may go will depend upon the wind and the weather. To-day it has been delightful, only a little too warm. As we came along we saw several prairie fires, and one pretty extensive one. I do not wish to be understood as saying that it was these fires that made the weather so warm.

To show how far it is at present possible to travel in a single car, I make the following tabular statement of the distance cars will have run when we reach Fort Riley:

| | Miles. |
|---|---|
| From Philadelphia to Pittsburg, | 355. |
| From Pittsburg to Chicago, | 468. |
| From Chicago to Quincy, | 265. |
| From Quincy to St. Joseph, | 208. |
| From St. Joseph to Weston, | 37. |
| From Weston to Leavenworth, (water,) | 6. |
| From Leavenworth to Lawrence, | 30. |
| From Lawrence to Fort Riley, | 100. |
| Total. | 1469. |

Our party, including "this humble individual," are all very well, and fare sumptuously every day. Nothing can exceed the kindness of the people here except the cordial good fellowship which unites our party one to another.

I will write again from Leavenworth or Lawrence, reserving more general reflections for the summing up of "the whole."

## Miserable End of a Miserly Baroness.

The Paris papers report that the commissary police of the quarter of the Place Vendome, accompanied by a doctor, recently visited the apartment of a baroness, in order to certify at the request of the inmates of the house, the death of the lady, who was seventy-five years of age. The appearance of the apartment indicated extraordinary neglect. There was scarcely any furniture, the dust of years obscured the window panes, and the paper of the wall was spotted and rotten. The place appeared to be uninhabited from time immemorial, and yet the baroness had lived there for twenty-five years, paying an annual rent of 1,500f. In the bedroom, stretched upon a truckle bed, and partly covered with filthy rags, lay the body of the baroness. An examination showed that death arose from weakness caused by want of food. It further appeared that she had starved herself willfully; and indeed in point of avarice the Baroness would have borne away the palm from Harpagon or Godbeck. Notwithstanding her considerable fortune, estimated at £30,000 a year, she always went clothed like a beggar, and often solicited charity in the street. She lived on crusts of bread, the refuse of cabbages and other vegetables, and such-like garbage that she picked up from the dirt heaps. A few days before her death she fell down from weakness, while passing the door of the concierge, from want of food; but she refused to take some refreshment proffered to her, no doubt fearing that she would have to pay for it. She succeeded in gaining her apartment, and was not afterwards seen alive.

THE Indianapolis *Herald* recently says: A few days since a fashionably dressed young lady, with one of those funny little hats upon her head, was slowly airing her charms along Washington street, when she passed a country horse munching "stake oats"—the only cereal, to judge from his appearance, with which he had been acquainted for many a hungry month. A fanciful wreath of green leaves encircling the funny atom of a hat, attracted the attention of old rack o' bones, and he nipped it. The hat was securely tied under the dimpled chin, and for a while the frightened lady, whose piercing shrieks alarmed the whole neighborhood, was in imminent danger of strangulation. Finally, however, something gave way, and the young lady fled, leaving the old horse quietly munching the wreaths and crown of her hat.

—C. A. Dana, has made an offer to buy the New York *News* and convert it into a radical paper.

## GENERAL NEWS.

—In a speech delivered before seventy thousand persons at a reform meeting in Glasgow, on the 10th instant, John Bright told this story of election bribery in England:

"I was speaking to a member of the Government about the time when the resignation of the late Government was just about to be submitted to the Queen, and I was telling him that I thought the true policy—the constitutional policy of the Government—was to dissolve the Parliament. A portion of his answer was this: a member who sits on our side of the house had spoken to him about it; he said, 'My election has already cost me £6,000,' and he added, 'I have, besides, £3,000 more to pay.' He said further, what was very reasonable, that this was a heavy burden that was grievous to be borne; that it put him to exceeding inconvenience, and that if the Parliament were dissolved he could not afford to fight his borough, as the case might be, but would be obliged to retire from the field and leave the contest, if there should be a contest, to some one else. You will believe, then, that the Government were greatly pressed by that consideration, and this consideration, added it may be to others, induced them to resign office rather than to dissolve Parliament."

—The New Orleans *Bee* says: "Among those lost on the Evening Star was Mrs. King, who was bringing hither some twenty or thirty girls for her extensive bagnio on Basin street, in this city. It seems that she had just had a magnificent building, for the purpose of her business, erected on Basin street, at a cost of $18,000, and that she leaves two minor children as her heirs in New York. The question of enforcing obligations made with women of ill fame as coming under the head of contracts, *contra bonos mores*, will therefore likely occur when the undertakers of the building seek to enforce their contract with the deceased upon her representatives. The succession has already been opened in the District Court.

—An ex-rebel in political nomenclature, but a genuine rebel in principle, writes thus to the Mobile *Advertiser*, who had written to him for his views on politics:

"Politics! Bless your soul, I have not read a newspaper for eighteen months. I am not a citizen, and don't trouble myself about such things. There'll be h—ll to pay soon; but it's none of my funeral, I having died very dead and been buried a year and a half ago."

—A member of the Vancouver's Island legislature, McClure by name, spoke on a recent occasion for seventeen consecutive hours, to defeat an obnoxious bill, and carried his point; only yielding the floor for motions to adjourn. Probably his auditors became so hungry and sleepy that they voted on the principle of yielding to anything for a quiet life.

—A young man named Spencer, of this city, organist in one of the most fashionable churches, received a check for $5,000 to collect for a friend. After getting the check cashed he visited a gambling den on Stark street, where he was fleeced of nearly all the money he had with him. He has been arrested on a charge of larceny as bailee.—*Chicago dispatch.*

—Besides Gov. Morton, of Indiana, Judge Jas. Hughes, former Democratic member of Congress, but during the last five years a member of the Union Party, and Hon. George N. Julian, are candidates for the United States Senatorship. The contest is said to be between the Radical and Conservative wings of the party.

—The Knoxville *Commercial* of the 16th says:

"There is in Knoxville, at this time, vagrants enough, both black and white, to build a splendid turnpike road in every direction for at least fifteen miles to and from our city."

**DR. CHAUSSIER'S EMPRESS LA** COMPOSITION IMPERATRICE POUR LES CHEVEUX.—It has long been known that the Hair, by mental exertion, by excitement, disease and imperfect circulation, loses its vitality, turns gray and falls off. That eminent French Chemist, DR. CHAUSSIER, has provided a complete antidote, and at the same time a beautiful dressing for the hair, durable and finely perfumed. Remember this is the finest article for the toilet which has ever been presented to the public. IT IS NOT A DYE. It will not soil the finest linen. It will not gum the hair. It is free from the disagreeable smell of sulphur. It relieves the scalp of dandruff and unpleasant irritation. Prevents the hair from falling off, even after fevers. Causes the new hair to grow. It will restore gray hair to its natural color, or the money will be refunded in every instance. As this preparation is comparatively new in this country, the proprietors present the testimonials of well-known persons as to its excellence. Directions in French and English.

**SPREAD THE TRUTH.**—Some medical men insist that it is undignified to advertise a remedy, however valuable it may be. Queer reasoning this. It is like saying that an article which the world needs should be hid in a corner—that benefits and blessings may be too widely diffused—that the means of protecting and restoring health should be a close monopoly, and not accessible to all. The argument is bad. It is worse than that: it is INHUMAN. Suppose HOSTETTER'S STOMACH BITTERS—an absolute specific for dyspepsia, biliousness and nervous debility—had never been known beyond the *repertoire* of the faculty, what would have been the consequence? Instead of curing and invigorating millions, the good effects of the preparation would have been confined to a comparative few. There is the highest authority for saying that light should not be hid under a bushel; that whatever is excellent should be placed as a city on a hill, where all men can take cognizance of it. It is upon this principle that the BITTERS have been advertised and continue to be advertised in every newspaper of any prominence in the western hemisphere, and that the spontaneous testimonials in its favor have been translated into all written languages. Thousands enjoy perfect health to-day who would be languishing on beds of sickness if the newspaper had not *spread the truth with regard to this unequaled invigorant and corrective* far and wide. Suppose prosperity has been reaped from this publicity. Is that any argument against it? If the public health has been protected; if lives have been saved; if the feeble have been strengthened and the sick restored, *great good has been accomplished*; and who so mean as to grudge to exertions thus directed their fair reward?

## NEW ADVERTISEMENTS.

**PURE CALIFORNIA WINES.**
**GURNER & CO.,**
**No. 80 Cedar St., New York,**
Offer for sale these valuable Wines, which are gaining public favor with astonishing rapidity, and whose unprecedented and unrivalled popularity is not without merit. They have only to be fairly tested to give them the preference over all others. As a purifier of blood they excel all other Wines, and the numerous certificates which have voluntarily been tendered from the most eminent physicians, as well as gentlemen in every position in life, are proof conclusive that these Wines are useful in all cases for which they are recommended.
The following brands are now offered by us. They comprise all the varieties now grown in the State suitable for sale:
WHITE, or HOCK WINE—Of a light straw color, very delicate and fine flavored.
CLARET—A superior wine for table use.
ANGELICA—A rich and naturally sweet wine, much admired by ladies, and valuable in the sick chamber, as it makes fine wheys and jellies. It is a fine dessert wine, and well adapted for Communion purposes.
MUSCATEL—A light colored, highly aromatic wine. Very similar to the celebrated Tokay.
PORT—Deep red color, fine flavor, and in many respects similar to the old wines of Lisbon.
GRAPE BRANDY—The pure distillation of our wines.
WINE BITTERS—A very agreeable tonic and a sure remedy for the diarrhea.
This is one of the most valuable combinations of a useful and an agreeable beverage that has ever been offered to the public. Millions of bottles were sold throughout the North during the last four years, and wherever introduced it has proved a welcome addition to the invalid table, the family circle, and the bachelor's sideboard.
Ladies who have lost strength and appetite, and suffer from nausea, vomiting and vertigo; gentlemen who "don't feel very well" just before breakfast or dinner whose stomachs are out of order and whose systems are generally deranged; mothers weaning children and suffering from general debility; children of sickly nature and sour, dyspeptic constitutions; travelers who have occasion to change their water; and all who live in malarious districts and are subject to miasmatic influences, will find it one of the most valuable invigorators that can be taken.
It was used very extensively in 1861, with such general satisfaction that in offering it to the public now we deem it unnecessary to publish any of the many certificates that we have received, testifying in the very strongest terms in its favor. All that we can say is to guarantee that we will pledge ourselves to furnish an article PURE AND UNADULTERATED.
It has been given to little children suffering from weakness and weak lungs with most happy effect. One little girl in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill has been exhausted, has been entirely restored. She began with but a teaspoonful a day. Her appetite and strength rapidly increased and she is now well.

### Now and Then—Description of a Launch on Saturday and One of Half a Century Ago.

We take from the *Chronicle* the following well written sketch of a late launch of a beautiful steamer upon the Ohio river: On Saturday afternoon the steamboat Great Republic, which is being built by Captain W. B. Donaldson, was successfully launched from the ship yard of Messrs. E. & N. Porter, at Shousetown, opposite Leetsdale Station, on the Ft. Wayne Railroad. The launch was witnessed by a considerable number of spectators. A large number of ladies and gentlemen from this city took passage on the 11:50 Leetsdale Accommodation train on Saturday morning, for the purpose of witnessing the launch, and under the care of the courteous and attentive conductor, Andy Morrow, arrived at Leetsdale in due time. Among the party we noticed Com. Grey, Capt. Beitzhoover, Capt. Batchelor, Capt. J. T. Sample, Capt. W. B. Donaldson, R. W. Mackey and others. On arriving at Leetsdale a ferry boat of rather a primitive character was pressed into service to convey them "over the water" to the Shousetown shore. The craft, however, was skillfully piloted by the former captain of the steamer Brilliant, an old-timed Cincinnati packet, and in a few moments the party were safely aboard the monster vessel, about to be consigned to its future element.

About half past two o'clock everything was announced to be in readiness, and the workmen commenced removing the props, which had kept the vessel in position on the ways. When the last one was knocked away, the monster moved off, and with almost lightening velocity plunged into the water, shooting over toward the opposite shore, and finally bringing up in the mud and sand. The "hog chain" was snapped like thread, and the cable which had been provided for the purpose of checking the progress of the boat, was a decided failure. One end of the line had been made fast to a large stump near the ways, but so great was the momentum gained by the boat, that the stump was dragged out by the roots, and followed after the runaway some distance. These accidents, however, did no material damage, with the exception of warping the guards. When the boat first touched the water, the usual christening ceremonies were performed by one of the young ladies on board. After the vessel was properly secured the party disembarked, and again placing themselves under the care of Conductor Morrow, reached the city about half past four o'clock, well pleased with their trip and the sight they had witnessed. On their behalf we return thanks to Conductor Morrow, Baggage Master Rebout, to the contractors, Messrs. E. & N. Porter, and to the residents of Leetsdale and Shousetown, for the many kind attentions shown to them on the occasion.

The "Great Republic," is the largest boat ever launched in this vicinity, as will be seen by the following dimensions: Extreme length of hull, three hundred and thirty-five feet; extreme width, at wheel house, ninety-six feet; breadth of beam, fifty feet; depth of hold, nine and a half feet, diameter of wheel, thirty-eight feet; length of arms, eighteen feet. The height between the main deck and cabin floor is seventeen feet. The cabin will be two hundred and seventy-one feet long, twenty-eight feet wide, and will contain fifty-six state rooms, and will be fitted up in the most luxurious style. The "Texas" will be one hundred and sixty feet long, and will be provided with every comfort. The boat will be towed up to this city to-morrow, to be completed. As we have already stated, Messrs E. & N. Porter were the contractors for the hull. Mr. Charles Gearing is contractor for completing the cabin, and under his hands we feel assured that portion of the work will compare with any afloat on any river in America.

A LAUNCH FORTY-EIGHT YEARS AGO.

As a pleasing reminiscence of past history, we reproduce the account of a launch in our early infancy, in order to contrast the dimensions of the *then* great and magnificent boat with the one pushed out on Saturday.

[From the Gazette, September 22, 1818.]

The elegant steamboat, James Ross, was on Saturday launched from the Point Yard, and glided into the bosom of the Monongahela in handsome style.

This fine specimen of naval architecture is owned by Messrs. Waiting and Stackpole, and is, we believe, of the largest size of boats which have appeared on the western waters. She measures one 120 feet keel and is rated at 250 tons cargo.

At the same time that we record an event so interesting in the annals of Pittsburgh as the above, we cannot forbear congratulating the western country on being made the field for the exercise of the talent and enterprise of such men as Mr. Whiting and his associates. The beautiful steamboat is riding at anchor before our city ready to take the "tide at its height." This vessel presents a beautiful and interesting object for the eye of taste; she *looms* high and rests on the bosom of the water like a duck. She seems to be intended to afford every kind of accommodation for the passengers and freighter, and her handsome pannelled doors and frequent windows, give her the appearance of a floating hotel. Her owners have another ready to be launched a few miles above the town, and there are two more on the stocks in the city. With what rapid strides has civilization advanced on the western waters! Within forty years the solitude of the Ohio was only disturbed by the lazy paddle of the Indian canoe, as the savage slowly floated on its bosom. Now, the same banks are embellished by taste, and the canoe of the naked Indian gives way to the majestic steamboat, crowded with passengers, and filled with merchandize from all quarters of the globe.

### The Secret of Consumption

May be ascertained in the fact of the neglect of the first invasion of some minor disease of the throat or lungs. How is it with men, that they are so often and so suddenly struck down with a bad cough or cold? We will tell you; they neglect to attend to the first symptoms; for instance, a man stands half an hour on some street corner talking, forgetting that his system is absorbing through his feet and the pores of his skin the causes of a deadly and fatal disease. How are we to prevent it? Reader, we will tell you. Thousands of cases of coughs and colds are annually cured by "*Dr. Keyser's Pectoral Syrup.*" It not only hinders, but it cures and carries off through the channels appointed by nature, the morbid accumulations which stop up and choke the admission of the air into the lungs.

Dr. Keyser's Pectoral Syrup has, in hundreds of instances, restored a healthy state of the lungs. We have known less than half a bottle stop the most violent and harrassing cough, and the person, on the other half, preserve total immunity from coughs the rest of the winter. *Dr. Keyser's Pectoral Syrup* is really a wonderful medicine, and has received the approval of more than five thousand of the citizens of Pittsburgh. No one who tries a bottle of Dr. Keyser's Pectoral Syrup can doubt of its efficiency. It has saved thousands of lives by its timely use, and it will cure more coughs and colds than any other medicine of the kind we know of. We have published, from time to time, the most extraordinary cures on persons living here of every phase of lung ailments. Hundreds of our citizens who are at this season of the year coughing themselves into incurable diseases of the lungs ought to know that Dr. Keyser's Pectoral Syrup will, in nearly every instance, effect a thorough cure in less than twenty-four hours. Sold at 140 Wood street. Office for examinations, 120 Penn street.

**Assault and Battery.**—Henrietta Myerhoff came to the office of Alderman Morrow yesterday and made oath against Samuel Bacon for assault and battery. The prosecutrix alleges that Samuel struck her in the face with such force as to knock her set of false teeth into atoms, and cause her mouth and chin to bleed profusely from two gashes the blow had inflicted. Bacon was arrested and held to bail in the sum of $300 for a hearing to-day. The parties have been lovers heretofore, and reside in Union alley, in the Sixth ward.

**Threatened to Murder.**—Mary Jane Cummins came to the office of Alderman Lynch yesterday and instituted legal proceedings against Ellen Murphy for surety of the peace. The parties reside in the immediate neighborhood of the Excelsior Glass Works, in Pitt township. The belligerent Ellen is said to have entered the works while Miss Cummins was there, and threatened to murder the latter. A warrant has been issued.

**Look Out for Them.**—Counterfeit greenbacks of the denomination of two dollars are in circulation. They are poorly executed, and experienced eyes can easily detect them.

**Special Caution.**—Mrs. Winslow's Soothing Syrup has become so popular that various parties have put out articles calling them Mrs. Winslow's. Please take notice that the Mrs. Winslow of the Soothing Syrup is not connected with any other article. ytl&w

## THE BALTIMORE TROUBLE.

### General Grant Advises Compromise—Case of the Incarcerated Officials—Remarks of Counsel &c.

BALTIMORE, Nov. 5.—Gen. Grant had an interview with the President at the residence of Governor Swann with prominent Conservatives of this city, at which he informally advised a compromise.

The incumbent Police Board are wholly averse to yielding in any particular that would affect the present regulation for the election. This morning the Board issued an order notifying the public that the registry lists are open to full inspection, and promising the largest license in the presentation of votes from the Conservative party.

It is now conclusively established that no action of the Commissioners or legal steps in their behalf can enable them to gain possession of the Commissioners' office, or exercise any prerogative in the coming election.

Rows have been frequent this morning, and about thirty Conservatives have have been arrested, among them the president of the Empire Democratic Club. The latter act nearly precipitated a riot. Pistols were freely used, but without fatal result.

In the Court of Appeals, this morning, Mr. Latrobe, in behalf of the new Commissioners, announced that the writs of habeas corpus had been served on the Warden of the jail this morning, and added that he had just learned that the Warden had been at the Court House this morning, without the prisoners; that in reply to an inquiry made of him, he had said his means of conveyance were exhausted, and that he had come hither to get a supply.

Mr. Latrobe added, in a sarcastic strain, that he thought there were other hack stands much nearer to the jail than the Circuit Court room. He would not say whether this was or was not merely a continuation of the effort of the other side to consume time. He did think, however, it looked very much that way.

Judge Bartol reminded the counsel that the Warden was not obliged to make a return instantly; the law gave him three days in which to make his return.

Mr. Schley said that he considered that the intent of the law in this particular case was that three days should be the utmost limit, and that unless there was unavoidable impediments he (the Warden) was bound to produce the prisoners without delay.

Judge Bartol said that the writs were issued by him at five o'clock on Saturday evening, but it appeared for some reason that they were not served until this morning.

Mr. Schley begged that the court would wait a reasonable time further for the warden to make his return and produce the prisoners.

At 11:30, the prisoners not appearing, Mr. Harwitz, on behalf of Sheriff Thompson, said: We have now waited one hour and a half after the hour named for the return of the writ. It was apparent that the Warden was seeking a pretext for delay. He, therefore, on behalf of his client, the High Sheriff, prepared a petition that His Honor would command the Deputy Sheriff to forthwith bring the Warden before the Court, together with the High Sheriff.

Mr. Schley said that he would, on behalf of his clients, have a similar petition to offer.

Mr. Alexander, the counsel for the old Commissioners, now appeared and desired to be heard on the subject. He understood that the Warden of the jail was now in consultation with counsel, and he had no doubt some return to the writ would shortly be made.

Messrs. Schley, Latrobe and Harwitz desired to know if Mr. Alexander could inform them definitely what the return would be.

Mr. Alexander said he was not the counsel for the Warden, and could not say. He hoped and expected, however, that by one o'clock such a return would be made as would render any further proceedings here unnecessary.

## FROM WASHINGTON.

### General Grant and the Mexican Question—President Juarez Unwilling to Cede any Territory to the United States—Head-Blocks for Our Brave Dead—Appointments in the Regular Army.

NEW YORK, November 5.—A Washington special to the *Herald* says: General Grant has at last, most probably, per instructions from the President, taken up the Mexican matter in earnest, and will attend to it with zeal, so far as he can be concerned. On Saturday morning he invited Senor Romero, the Mexican Minister, to a confidential interview at his headquarters, which meeting took place and lasted for some time. After Senor Romero's departure, there was a staff meeting. What connection this may or may not have had with Mexican business I cannot say. One thing more, there is no reason to believe that the Mexican question has not been reopened with France, but that it remains just where the last published note from Drouyn de Lhuys, to Mr. Seward, placed it. The government is waiting to see how the French act up to the first of the coming year. If at that time it is seen that there is any bad faith exhibited or a tendency to duplicity, then such action will be forcibly recommended as will insure our feelings and interests to be respected.

President Juarez has written a letter in which he again asserts his unwillingness to consider any projects looking to a cessation of the Northern States of Mexico to the United States. Furthermore, it is well known that some three years ago Don Jose Doming Cortez came to this city and proposed before the Executive the annexation to the United States of the State of Chihuahua and States of Mexico on the Pacific coast, in order, as he said, to free them from French intervention, and that Juarez instructed Senor Romero to officially deny that Cortez had any right to make such a proposition.

The *Tribune's* Washington special says: The Government having determined to perpetuate the last resting place of our brave soldiers to the utmost extent possible, the War Department has called for 475,000 iron head-blocks for the National Cemetery. Each head-block is to be nine inches wide by twelve long, with an inscription of the name, rank, regiment, arm, company and corps of the sleeper beneath, with the date of his death.

Charles Whittlesey, of New York city, late Assistant Adjutant General to Major General Wright, has been appointed Captain in the 30th United States Infantry. General Francis P. Fessenden, of Maine, who lost a leg during the war, has been made a full Brigadier General in the regular army, and placed on the retired list.

Dr. A. E. Davis, of Lancaster, Ohio, has been appointed Commissioner for the State of Tennessee to investigate the claims of loyal slaveholders.

### From New Orleans.

NEW YORK, November 5.—The *Tribune's* New Orleans special says: It is stated on very good authority that the President has ordered Gen. Sheridan not to make any arrests under Gen. Grant's famous order, which affects forty-four persons accused of committing murders on the 15th of July, in this city. It is well known that affidavits were placed in Gen. Sheridan's hands over two months ago accusing a number of parties of murder, and the above accounts for his not acting in the matter. The appointment of Judge Morgan, a notorious copperhead, as United States District Attorney, will effectually prevent the prosecution of the numerous parties held for trial by the United States Commissioners under the Civil Rights Bill.

Official information reached General Sheridan yesterday of numerous murders and outrages committed against Union men in the parish of St. Landry.

General Sheridan leaves for Texas to-morrow on important business. He will be absent four or five days.

### Trial of Fenians in Canada.

NEW YORK, Nov. 5.—The *Herald's* Toronto special says: Great dissatisfaction exists on the verdict in the case of Lumsden. The Catholics of the city assert that Lumsden was discharged on religious grounds, and that the evidence against him was stronger than that against McMahon.

The Hon. B. Deleraney, of Montreal, intends to apply for admission for practice in Toronto on behalf of the Fenians. He has been engaged to defend the prisoners confined at Montreal.

The trial of James Drummond commences at twelve o'clock to-morrow.

A *World's* Toronto special says: In consequence of threatening letters sent to witnesses of the Crown in the Fenian cases, they refuse to give evidence unless assured of adequate military protection at Fort Erie.

### A Man Severely Stabbed.

NEW YORK, November 5.—Walter Westcall, living at 430 Second avenue, was so severely stabbed in the saloon No. 443 First avenue, that his entrails protruded from the wound. A party of four ruffians were implicated in the assault, but made their escape. Their names are unknown. The wounded man was alive last night.

**JOHN D. BAILEY,**

Stock and Real Estate Broker.

**FOR SALE—400 Acres of Coal** Land, lying immediately upon the Ohio River, 20 miles below Gallipolis, and 185 miles above Cincinnati. On the above tract is a four foot vein of Coal, which, for general purposes, is not surpassed. It is entirely different from the Southern Ohio Coal; contains but little sulphur, forges and cokes well, and for making steam cannot be excelled. The location being about midway from Pomeroy and Hanging Rock, must make it valuable for coaling boats. There is a water front of ¾ of a mile, with a good landing at all stages of the river. An entrance has been run in the hill about 300 feet, track finished to river, together with the necessary fixtures for mining and delivering coal afloat. On said tract is first-class double Portable Circular Saw Mill together with a Portable Grist Mill, all in good running order, and plenty of the very best oak, ash and poplar timber. Would sell one-half interest if desired, to a party with experience and capital for working same.

**FOR SALE—231 acres Coal, including** 51 acres surface, on the East side of the Ohio River, three miles above Wheeling, with right of way to river. The close proximity to a good market at Wheeling, together with the fact that the coal crops out high enough in the hill to be used profitably for rolling mill purposes, makes this a good investment.

—The following statement exhibits the business of the Pittsburgh Clearing House for the week closing on Saturday, November 3d:

| | Exchanges. | Balances. |
|---|---|---|
| October 29 | $328,656 31 | $61,661 56 |
| October 30 | 259,145 46 | 62,355 79 |
| October 31 | 301,849 91 | 72,543 22 |

—The expectation that the payment of $25,000,000 from the Treasury for the November 1st interest would seriously lower the price of gold is likely to be disappointed. It is said that the operators for a rise in New York are not as strong as formerly; that some of the heaviest purses who were then engaged in the operations have sold out. This may be a "bear" report, at any rate, those now engaged have the prospect of a considerable export to help them, and it is more than likely that the price will be sustained. Importers have long deferred their remittances, in the expectation that the payment of the November interest would bring down the price, and if Saturday and the succeeding steamer day shows an active demand for exchange, bankers must remit specie to cover their drafts, as the commercial bills upon the market will be entirely insufficient.

—A well informed Boston correspondent, in glancing at the statement of the National Banks for the quarter ending October 1st, published in our last, suggests that the amount invested in United States bonds (something more than $400,000,000) should be added to the loans. He thinks it a mistake on the part of our legislators to require that any portion of the working capital of a bank should be invested in long loans, instead of purely business paper, which will mature at the right time and place, to meet the notes issued by the banks, as they come in for redemption. It should be insisted, he thinks, that the banks hold a sufficient amount of valuable productive property in addition to, and not part of the capital, to make it certain that they should take none but short loans. Otherwise, it is claimed, we rather weaken than strengthen our banks, as the amount placed in government securities cannot be as available as short date business paper. In reality, our national banks have reduced their working capital by just the amount of government bonds lodged for circulation, and therefore their loans are rather above than below the safe line. If they could add the amount invested in government securities to their working capital, and obligate themselves to redeem promptly in specie funds at the several natural trade centres, and these again at one place, say in New York, and New York in London, then we should have not only a truly national, but a perfectly international system, which could never fail in its work.

### PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
MONDAY, November 5, 1866.

There was but little done in the produce markets to-day, the transactions in all of the leading commodities being rather light, while so far as values are concerned, there were no changes worthy of special notice.

GRAIN—Wheat is quiet but steady with but little offering. No. 1 Spring is firmly held at $2,65. Corn is firm and is selling on track and in elevator at $1,10 for prime shelled. Oats in good demand and light supply, and the tendency is upward. We now quote at 55 to 56, on track, and 58 to 60 from store—we were told of an offer of 58 cents for eleven car loads. Barley is selling at from $1,12 to $1,20 for No. 2 and No. 1 Spring. No movement in Rye.

FLOUR—Is steady with a continued fair local demand but unchanged. We quote at $12 to $13 for Spring Wheat; and $13,50 to $14 for Winter Wheat brands. Sale of 50 bbls "Bartlett" and 50 bbls "Crossett" both at $12,75. Buckwheat is selling at $4 to $4,50 per cwt. Rye Flour unchanged.

PROVISIONS—There is no improvement to note in the demand for Bacon, and it is dull and neglected with a drooping tendency. Lard, also, is dull and weak—may be quoted at 15½ to 16. No movement in Mess Pork.

ASHES—Steady but without quotable change. Sales of 25 tons common Soda Ash at 6, and 20 tons Pearls at 14. Refined Soda Ash is quoted at 6¾.

BUTTER—Prime Roll is in good supply and may be quoted quiet but steady at 30 to 33 for good to strictly prime.

EGGS—Scarce, and fresh packed sell readily at 30.

CHEESE—Is dull with a supply considerably in excess of the demand. Western Reserve is selling at 16 to 17; Hamburg 17 to 18; Factory, 18 to 19; and Goshen 20 to 21.

APPLES—Reported quiet and unchanged; sales in a regular way at $2½ to $3¼ per bbl for fair to choice.

SEEDS—Flaxseed is in good demand and sells readily at $3. Clover and Timothy dull and unchanged.

HAY—Baled Hay is in light supply, and good to prime is selling at $21 to $25—in a regular way.

SALT—Is reported firm with sales at $2,50, on track, and $2,30 to $3 in small lots in store.

PIG LEAD—Is selling at 11¼ to 11½.

### PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
MONDAY, November 5, 1866.

CRUDE—The market for crude, to use a very common expression among oil men, was a little "offish" to-day, and with less inquiry and a stronger disposition on the part of holders to realize, prices were barely maintained. We now quote at 11 to 11¼, in bulk and barrels returned, and 16 to 16½, bbls included—sale of 650 bbls "Smith's Ferry" at 10¾. The following sales were reported: 2500 at 11¼; 900 at 11; 800 at 11; 300 at 11¼; 300 at 11¼ and 350 at 16½, bbls included. The demand, both for home use and shipment, was less active than on Saturday, buyers seeming disposed to hold off in anticipation of lower prices, and this accounts for the material falling off in the transactions compared with that day. At about 10 to 10½ cents, however, a considerable amount of oil could be sold, as there are other parties aside from refiners and dealers who would buy at these figures on speculation. We have no advices from Oil City later than Saturday, when, as stated in our last report, oil was considerably excited, and a material advance was established.

REFINED—There seemed to be a perfect stagnation in the market for bonded oil to-day—not a single sale reported. The intelligence from the east was not regarded as very favorable, and besides, it was reported that a prominent New York oil firm had failed or suspended—last week, it is said that several Philadelphia concerns were forced to the wall but so far as we can learn, Pittsburghers have got pretty easily. In the absence of sales, we quote nominally at 30 to 31 cts, free on board cars here, and 36 to 37, delivered in Philadelphia. Free oil is dull and nominal at 50 to 51, for round lots of standard brands.

ARRIVALS—The following arrivals of oil were reported to-day:

| | | | |
|---|---|---|---|
| Forsyth & Bro | 3300 | J. Munhall | 9726 |
| Fisher & Bro | 1363 | W. Mackeown | 42 |
| Jas. Wilkins | 28 | W. P. Logan | 131 |
| H. Gatena | 300 | McKalvy & Co | 2200 |
| W. Haldeman | 150 | D. Bly | 1130 |
| Barbour & Co | 450 | D. Bushnell | 2300 |
| Fawcett & Bro | [illegible] | Mawhinney & Co | 300 |
| Gallagher & Son | 1000 | | |
| Total | | | 21,023 |

### New York Dry Goods Market.

NEW YORK, Nov. 5.—The dry goods market is unchanged except that there is a more hopeful feeling apparent, as the days before election pass away and the cause of the present dullness disappears. There are no further changes of prices of cotton goods, holders expressing a confidence in a better demand soon and stocks are not very large. Standard sheetings are generally held at full, the prices of the stock, although should trade be a little dilatory after election, a decline of 1@2c. might be effected. Woolen goods are still dull and prices of all kind of low grades are purely nominal. In the better grades of goods prices are quiet and perhaps there is a little better inquiry for some spring styles. There is scarcely any movement in goods for winter uses. Jobbers' prices: Brown Sheetings—Appleton, A 22½; Great Falls, M, 21 do S, 19. Bleached Shirting—Wamsutta, 40; Forestdale 32; Slaterville 19. Prints—Garner & Co., 20½; Hamilton, 19½; Freeman 17; Empire 13; Ticks—Hamilton 37½; Blackstone river 25; Pittsfield 14½. Stripes—Whittleton A, 30; do C, 32½.

### Boston Iron Market.

BOSTON, November 3.—The market for pig iron rules very firm, and the demand is rather ahead of the supply, as consumers are all anxious to lay in stocks before the close of inland navigation. Scotch pig is very scarce, and invoices are mostly sold to arrive, so that lots for present use command very full rates. The domestic article is also sold ahead of production, and there are no large lots now offering at shipping points.

Scotch pig is scarce and firm, with sales of No. 1 Eglinton, in small lots from store, at $55, and Coltness at $57 per ton. American is in good demand, with sales in lots as wanted for use at $49 to $55 per ton for the different numbers. Charcoal pig is selling at $59 to $75 per ton, as to brand. Bar iron is quiet, with sales English and American from store, at $105@110 for common, and $115@120 for refined. Railroad iron is in fair demand at $55 to $56 per ton, gold, for English, and $87@90, currency, for American, with sales 200 tons of the former (which is very scarce) in New York, at the outside rate.—*Bulletin.*

### Boston Wool Market.

BOSTON, November 3.—The call is now mostly for the high grades of clothing wool and coarse, except such as adapted to worsted work, is generally neglected. Pulled wools are in limited demand at a range of 30@35c for No. 1, 50 to 60c for super, and [illegible] to [illegible] for extra, the last being rather scarce. In combing wools there have been small sales at very full prices [illegible] for Western and Maine a [illegible] to 50c. In foreign, there has been no movement of consequence, and rates are nominal, except for carpet wools, which are selling at [illegible]

On call the range is 4@5 per cent., some of the dealers reporting that there is more doing than for some time previous, at the higher rate. In the stock market there was less excitement than last week, but the general tone was rather strong. In Governments there was only a small business, prices ruling about ⅛c higher than at the close on Saturday.

### RIVER NEWS.

The river continues to recede rapidly at this point with but five feet seven inches in the channel by the marks last evening. The weather yesterday was cloudy and cold, but very favorable for out door operations. At Oil City the Allegheny was falling yesterday forenoon, with but thirty inches in the channel at that point.

The Pine Grove and Minnie arrived at Cincinnati on Saturday, and the Lorena left there the same day for Pittsburgh. The Quickstep, Importer, Kenton, and Amelia Poe were advertised to leave for Pittsburgh on Monday. The Messenger, with a good trip, en route for New Orleans, passed Evansville on Saturday evening.

In noticing the accident which happened to the tow boat Simpson Horner, we said that her steampipe exploded. This was an error. It was the iron portion of the supply pipe that gave way, and caused the accident.

JEFFERSONVILLE, IND., November 3—7 P. M.—EDS. COM.—There are three feet in the pass over the Falls, and rising. The weather is warm with thunder and lightening and rain. The Bertha passed up. The tow-boat Sam Roberts came down with coal, and returned with a tow of empty barges to Pittsburgh. We call her the mail packet, as she visits here, with heavy tows on the water, twice a month the year round from Pittsburgh.

D. M. DRYDEN, Falls Pilot.

The Silver Cloud, from Cincinnati, arrived on Sunday night with a fair trip, and the Peerless, got in from Oil City. The latter boat had among other items of freight seventy tons of metal. The Peerless reports having met the Ida Rees on Sunday morning near Red Bank.

The Bayard cleared for Parkersburg on time yesterday with a very fair trip and the Bellevernon was making preparations to leave for St. Louis last evening. The Leonora No 2 had steam up and doubtless left for Cincinnati yesterday evening, and if so the New State Capt Harlan, will commence loading for the same point to day.

The Argosy, Capt Vandergrift, with Mr. W. H. Scott, in the office, is the regular packet for Cincinnati to-day, leaving promptly at noon. As previously stated, the Argosy, hereafter, will ply as a regular weekly packet between here and Cincinnati, in connection with the Quickstep, leaving here every Tuesday.

The Camelia Capt Lytle, is filling up steadily for Nashville and will soon be ready to take her departure. Passengers and shippers should bear in mind that the Camelia is the only boat loading for this point.

The staunch and commodious Armenia, Capt A. C. McCallum, is announced for New Orleans and all intermediate points forthwith.

The Kate Putnam, Capt Lightner, is filling up steadily for St. Louis, and will be the first boat out for that point. She has superior accommodations for passengers.

The following boats were in port yesterday: Bellevernon, Spray, New State, Argosy, Armenia, Kate Putnam, Camelia, Sherman, Silver Cloud No. 2, Argonaut No. 2, Silver Lake No. 3 Delaware, Flicker, Nora, Leonora No. 2, Arabian, Columbia, R. C. Gray and Emma Graham. The Flicker is a new boat of rather small dimensions, and as she has a sign out for New Orleans, we presume she was built for the southern trade. The Graham is still offered for sale, we believe. Quite a number of the boats above mentioned are awaiting their turn to load.

During Friday and Saturday, the following additional towboats got out: Cincinnati—Sam Brown, with 90,000 bushels of coal; Lake Erie, 85,000; Star, 100,000; Wild Cat, 85,000; Niagara, 100,000; Tom Rees, 90,000; St. Louis, Mary Davage, 75,000. The total amount of coal shipped on the recent rise is estimated at 2,900,000 bushels.

Says the St Louis *Democrat* of Friday: Navigation has not closed yet, even in Minnesota. As late as Tuesday, the steamer Otter arrived at St. Paul from that stream, with 1300 sacks wheat, and left again for Mankato......Dubuque advices of Wednesday, report the river nearly on a stand, and boating active. The Ida from St. Louis, arrived, left two barges to load with grain, and went up to Guttenburg with apples and other freight, and get a cargo for St. Louis. The Reserve passed, after four days delay at the rapids. The old Jeannette Roberts was attached at Dubuque for a debt of $400, claimed by P. Gainer, a pilot, for services rendered. The matter would be settled, and she would proceed to St. Paul.

CONSUMPTION.

Our son JAMES PAINTER, some three years ago was afflicted with consumption of the lungs, for which he was discharged from the army. He was examined by four army physicians who all agreed that he must die with the disease. I brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs, commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.

JAMES PAINTER.
SARAH ANN PAINTER.

Temperanceville, Sept. 5th, 1866.

PITTSBURGH, December 31.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

JOHN C. LITTLE.
Witness R. F. KERR. Peebles township.

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1866.

DR. KEYSER:—My wife has been afflicted with a dry cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward

WHOOPING COUGH.

Below will be found a certificate from Doctor M. Dupuy, one of our most respectable dentists, in regard to Dr. Keyser's Pectoral Syrup. The Pectoral Syrup is also an infallible cure for every form of cough and cold to which we are liable.

PITTSBURGH, June 24, 1865.

DR. KEYSER—Dear Sir: I have for a long time been opposed to advertised or patent medicines, and it is with reluctance that I recommend any of them. The consideration, however, that I am doing the community a service, induces me to overcome my objections, and to publicly recommend your Pectoral Syrup. We have kept it in our family for the last five or six years, and have given it for coughs, such as are produced by colds, &c., with the effect of alleviating or entirely arresting them. During last winter our children were exposed to the infection of whooping cough, and each one of our three boys was attacked with what we believe to be that malady. We administered your Syrup liberally, and the result was, that the whooping cough lasted with neither of them more than ten or twelve days. I hope others will at least make a trial of your medicines in such cases, as we have found it beneficial.

Yours,
M. DUPUY, No. 21 Wylie street.

HERNIA OR RUPTURE.

It will be observed that we have published for some time past an advertisement of Dr. George H. Keyser, of 140 Wood street, Pittsburgh, Pa., in reference to Trusses and other mechanical appliances for the cure and relief of hernia, or rupture, besides various broken down conditions of the human body which are usually beyond the reach of medication. Dr. Keyser has given this branch of the business great attention for several years past, and we think we are justified in saying that he comprehends it thoroughly. You can get at his store Shoulder Braces for weak breasts, Elastic Stockings for varicose veins, Pile Props for the cure of Piles, and, in fact, every variety of mechanical appliance. Dr. Keyser is the inventor of a Truss for the radical cure of hernia or rupture, so perfect in its parts, and so comfortable to the wearer, as to elicit the admiration of all who may need such an appliance.

He has recently been in communication with some of the ablest and most experienced truss surgeons in the United States, and feels satisfied that all those who have been plagued or annoyed with ill-fitting and uncomfortable trusses, can be accommodated by calling at his consulting rooms, No. 120 Penn street, or at his Medicine and Truss Depot, 140 Wood street. Office hours from eight to eleven A. M. and one to four P. M.

DEAFNESS AND THE EAR.

Many persons have rested content in the belief that skin and ear diseases, however troublesome will wear out of themselves, or that no remedy will avail in effecting a cure; in this way many persons have suffered through some half dozen years, who might easily have been relieved at the onset in as many weeks. So also with regard to the ear, a prejudice has obtained that the ear is too delicate an organ to be treated or as is often expressed, *tampered with;* hence hundreds have thus remained deaf for the greater part of a lifetime, who might have been greatly relieved, and in many instances, completely restored to their hearing, had proper assistance been timely applied for, as may readily be seen by a perusal of the following certificate. We also take occasion to remark that the testimonial comes from a source close at hand, in Allegheny City, where, upon inquiry, any one interested can satisfy themselves of its truth:

PITTSBURGH, July 28, 1864.

DEAR SIR:—I take pleasure in adding my testimony to that of others in favor of Dr. Keyser's treatment of deafness. My son had been afflicted for five years with deafness produced from scarlet fever. At times he could not hear at all; and could only understand as we would motion to him. His speech had also become affected. Having tried other remedies without receiving any benefit, I applied to Dr. Keyser, and under his treatment he has entirely recovered, and can now hear as well as ever he did.
